## MARY THE IMPALA: A SUPERNATURAL EXPERIENCE

With a Green Army Man in the back seat ashtray, a trunk full of Demon Fighting Weapons and Sam & Dean Winchester's initials carved into the package tray Mary is one Big, Bad & Beautiful Supernatural Lady and she is Rolling into TopCon Geek Expo 2016

Mary is a 1967 Chevrolet Caprice Original 327, 4 barrel carb, 350 turbo transmission

Fans of the hit CW Television Series SUPERNATURAL will instantly recognize Mary as one of the Stars of the show. But in reality she is a beautiful replica of the iconic car that the Winchester Brothers drive in the show. She is a 1967 Chevrolet Caprice with an Original 327cc Engine, 4 Barrel Carburetor and 350 Turbo Transmission; in short, she is the girl your mother warned you about and that demons fear.

Mary is owned by Megan and Marcus Woodard of Olathe, Kansas. Mary began life at the GM plant in Arlington, TX, as a 1967 Chevrolet Caprice 4-door sport sedan in beautiful Nantucket Blue. These days, however, she's the only Supernatural Replica Impala in Kansas, and lives between Lawrence and Kansas City.

Mary's also had the honor of appearing in the Supernatural "Fans" documentary, found on the Season 10 DVD. Look for her around the five minute mark, still sporting her old baby blue paint and living with our good friend and Impala Aficionado, Rick Blevins.

Maintaining and taking Mary out and about is not cheap yet the Woodard's take 70% of every penny Mary makes and donates it to a promoters choice of their supported organizations. Rest assured that while you're having fun with a badass car, you're also helping the community.

Megan and Marcus take helping the community very serious. "We've chosen four organizations that we love and are meaningful to us. When you book a private photo shoot with Mary, or take a picture in the car or with our props at a convention, one of those 4 organizations get supported."

The GYPSY, Creator and Executive Director knows the importance of bringing a car like Mary to TopCon. "Mary travels to events and get togethers to not only

bring smiles to fans faces but to also raise money for important charities. At TopCon Mary will be raising money for the Alzheimers Association; a cause near and dear to my heart."

Indeed it is a cause near and dear to The GYPSY's heart as

he lost his mother Shirley to Alzheimers and Dementia in 2010.

"Her (Shirley), Doctors killed her with the drugs Geodon, Haldol and Seroquel all 3 of which are not to be given to patients suffering from Alzheimers and Dementia as they will cause death. The deadly drug cocktail was a way for the Doctors and nursing staff to control her and the effects of her disease. Through Alzheimers research we will one day cure the disease but in the meantime maybe others can be saved from "Control" medications with education and research. Mary will help raise some money towards that goal at TopCon Geek Expo 2016."

**"We love Supernatural, and we love our fellow fans. We also know that if this fandom is about anything, it's about family, and we're always ready for the next reunion. "**

*-MEGAN & MARCUS WOODARD*

Mary is a needy, almost 50 year old, piece of majestic, classic machinery and whether or not you are a Supernatural Fan (of course we cannot imagine anyone who isn't), you will want to meet Mary and have your photo taken with her, but please... no AUTOgraph's.
